*This chart was created while Orange County was in the purple tier of California’s Blueprint for a Safer Economy and in the 12-05-20 California Stay at Home regional order issued by Governor Gavin Newsom. Should the State move Orange County into a different tier, the restrictions or allowances established by the University for the new tier would supersede this list. Individuals should not rely on the summary above and instead refer to the California Stay at Home Order(s) and State Guidance documents. Additionally some activities may not be specifically called out in the chart above.
